What is Super Summer Success?

The Super Summer Success Reading Program puts interesting books in the hands of your child for the entire summer!

Your child's teacher will carefully select books based on your child's reading level and interest.

We will be sending a note in your child's book bag to let you know if your child should be reading the same book over and over (usually picture books for our younger readers) or reading a book one chapter at a time throughout the entire summer.

These books have been carefully selected so your child can read the book on his or her own or with an audience. Children LOVE an audience!

When should you get started?

We hope that your child will be reading books all summer long.

You can help by setting up a regular schedule to encourage your child to read and reread these books. It is suggested that students read at least 15 minutes every day or every other day.

Some parents find it helpful to have a planned reading time, such as after dinner or right before bed time. This helps everyone remember to READ!

Any place is a great place to snuggle up with a good book and read! These wonderful books are on loan to you and your child for the entire summer.

Just return them the first day back to school in the fall.

All reading

Why should my child be reading all summer?

Research shows that when children read 6 chapter books or 20 picture books over and over again throughout the summer, they may maintain the reading growth they made during the school year.

Sign up now!

As flowers need a lot of care to stay beautiful throughout the summer months, so does your child! Plants can't go two or three months without attention and neither can young readers.

Avoid losing valuable reading skills by reminding your child to keep reading the Super Summer Success books throughout the summer. Keep your child's reading success growing!

Reserve your books today!

Please return to _____

By this date _____

Please return books by _____
