Adoption Clause

The following plan for special education programs and services was developed by Oakland Schools in cooperation with its constituent school districts, membership from the Special Education Administrators of Oakland County (SEAOC), Oakland County Superintendents Association (OCSA), and the Parent Advisory Committee (PAC).

Pursuant to Rule 340.1835 of the *Michigan Administrative Rules for Special Education*, each Intermediate School District (ISD) Plan, or modification thereof, shall be signed by all of the following:

- The intermediate school district superintendent, signifying approval by the intermediate school district board, and
- The superintendent of each constituent local school district, the chief executive officer of each public school academy, and the chairperson of the parent advisory committee, signifying their involvement in the development of the intermediate school district plan.

Oakland Schools Plan for the Delivery of Special Education Programs and Services

A. Public Awareness

Copies of the ISD Plan for Oakland Schools are sent to each constituent district's Special Education Administrator, Parent Advisory Committee member, and Superintendent. Copies of the Plan are available by request through Oakland Schools or constituent districts' administrative offices. The following documents are referred to in the ISD Plan and are also available by request.

- Michigan Administrative Rules for Special Education
- Michigan Department of Education Policy for the Appointment of Surrogate Parents for Special Education Services
- Michigan Revised School Code
- Michigan State Aid Act
- Oakland Schools Parent Advisory Committee (PAC) By-Laws
- Oakland Schools Agreement on Special Education Programs and Services

The ISD and its constituent districts assure that all copies of contracts or service agreements under section 1751(1)(b) of 1976 PA 451 are on file at the ISD.

Each constituent district is charged with providing a summary of their programs and services and the Procedural Safeguards Notice to families upon initial referral or parental request for a multidisciplinary evaluation.

B. Child Find

Persons eligible for special education services in the Oakland Schools' constituent districts may be identified through Child Find, an outreach program conducted in cooperation with constituent districts.

Child Find activities are developed, implemented, and coordinated in cooperation with constituent districts, Child Find Coordinators and appropriate personnel in neighboring Intermediate School Districts (ISDs). Child Find and public awareness assure that the needs of students with disabilities up to 26 years of age will be met. Individuals who exhibit educational need at any age, up to age 25, may be referred.

It is the joint responsibility of the constituent districts and Oakland Schools to identify persons suspected of having a disability from birth to 26 through Child Find and public awareness, including students in county jails as well as other lower incident placements, like residential facilities, homebound hospitalized, etc. Administrative personnel responsible for informing the public of special education services are listed in Appendix B.

Early On® Oakland/Oakland Schools Child Find
(ages birth - 3)
866.456.2084 or **248.209.2084**
eoreferral@edzone.net

Information regarding special education programs and services will be distributed annually by the constituent districts and may include, but are not limited to:

- Area hospitals and healthcare agencies
- Oakland County Health Department
- Medical providers who treat infants and toddlers
- Head Start programs
- Day Care centers
- Preschool programs
- Medicaid screening clinics
- Mental health agencies
- Building principals
- Parent-Teacher Associations/Organizations
- Homes within the school district
- Local chapters of organizations for persons with disabilities
- District and county-level Parent Advisory Committees (PAC)
- Department of Health & Human Services

C. Diagnostic and Related Services

The resident district has the primary responsibility for providing diagnostic and related services. A comprehensive listing of diagnostic services provided by the constituent districts and Oakland Schools are updated annually and available in Appendix C.

D. Programs and Services

Programs and services in Oakland County are designed to provide students with disabilities the same opportunity as their non-disabled peers to be educated in the general education setting unless otherwise determined through their Individualized Education Program (IEP). A Continuum of Programs and Services offered by the constituent districts (Appendix D) are updated annually by Oakland Schools; notification of this annual update will be disseminated to constituent districts, Special Education Administrators of Oakland County, Parent Advisory Committee, and Oakland County Superintendents Association.

To facilitate mutual understanding and uninterrupted service provisions for students, the *Oakland Schools Agreement on Special Education Programs and Services* defines the responsibilities shared between districts operating center programs and resident districts.

Programs and services in Oakland County will be provided consistent with requirements in Part 3 of the *Michigan Administrative Rules for Special Education*, in particular, as required by R 340.1738(b) for students in programs for Severe Cognitive Impairment and R 340.1748(2) for students in programs for Severe Multiple Impairments.

Additional flexibility to programs and services may be available through the use of Optional Alternative Programs under R 340.1832(e) as identified in Section E.

It is the responsibility of the Oakland County constituent districts to provide special education programming and services to students with an IEP incarcerated in county jails.

Assurance Statement: Per 34 CFR § 300.111(a) and Dear Colleague Letter, December 5, 2014, the ISD and its constituent local educational agencies, including public school academies, have child find policies and procedures in place to identify, locate, and evaluate students who are in correctional facilities who may have a disability under the IDEA and are in need of special education and related services, regardless of the severity of their disability and consistent with the State's child find and eligibility standards. This responsibility includes students who have never been identified as a student with a disability prior to their entry into the facility.

Assurance Statement: Personally identifiable data, information, and records of students with disabilities are collected, used, or maintained in compliance with 34 C.F.R. §§300.610 through 300.626.

E. Optional Alternative Programs under Rule 340.1832(e)

Oakland Schools is committed to high expectations for all students and ensuring access to the general education curriculum in a general education setting for all students of school age, and in the case of students in post high school programs, access to their community. Improving the educational results for students with disabilities is an essential element of promoting equitable opportunity, full participation, independent living, economic self-sufficiency, and further education.

In all cases, it is the Individualized Education Program (IEP) Team that determines the programs and services provided to a student based on individual student need and are not predetermined based on disability. The process of identifying programs and services for each student includes consideration of maximal student achievement and social and emotional development.

11

The school districts of Oakland County are dedicated to operating under a well-defined plan for the delivery of special education programs and services. Oakland Schools and each constituent district are committed to providing services that are research-based, data driven and considerate of individual student needs in every way.

In recognition of the diverse needs of students, Oakland County provides the opportunity for its districts to operate special education programs and services according to the Individuals with Disabilities Education Act (IDEA), inclusive of those identified under the *Michigan Administrative Rules for Special Education*, R 1832(e). The Special Education Service Spectra (Appendix A) describe the philosophical framework in which special education needs are addressed, regardless of disability, and in the least restrictive environment to the maximum extent appropriate.

Current Rule	Alternative Rule	Exceptions
R 340.1733(f) Program and Service Requirements	R 340.1733(f)/ R 340.1832(e) Age Span	Programs for students with severe cognitive impairments, severe multiple impairments and moderate cognitive impairments may be operated within an age span of 11 years. Individual needs of students will be considered when placing students in educational settings.
R 340.1740 Programs for Students with Mild Cognitive Impairment	R 340.1740/ R 340.1832(e) Caseload	Allow a caseload of up to 18 students; add a paraprofessional when 12 or more students are in the classroom at any one time; and no more than 15 students in the classroom at any one time.
R 340.1742(a) Programs for Students who are Deaf or Hard of Hearing	R 340.1742(a)/ R 340.1832(e) Caseload	Caseloads may be maintained at 10:1; while class size is maintained without increase at 7:1.

Current Rule	Alternative Rule	Exceptions
R 340.1747 Programs for Students with Specific Learning Disabilities	R 340.1747/ R 340.1832(e) Secondary Level Caseload	Caseloads may be assigned and instruction provided for up to 20 students. When 12 or more students are in the classroom or more than 15 students are on the caseload, a paraprofessional must be assigned.
R 340.1749a(2) Elementary Level Resource Program	R 340.1749a(2)/ R 340.1832(e) Elementary Caseload	Caseloads may be determined to allow up to 23 students with not more than 13 in the classroom at any one time, and with no more than 10 Full Time Equivalents (FTEs).
R 340.1749b(2) Secondary Level Resource Program	R 340.1749b(2)/ R 340.1832(e) Secondary Caseload	Caseloads may be determined to allow up to 23 students with not more than 13 in the classroom at any one time, and with no more than 10 Full Time Equivalents (FTEs).
R 340.1755 Early Childhood Services	R 340.1755/ R 340.1832(e)	Related service providers will work in collaboration with an approved early childhood special education teacher. Seventy two (72) required clock hours may be spread across 180 days of instruction across an entire calendar year.
R 340.1758(a) Programs for Students with Autism Spectrum Disorder	R 340.1758(1)(a)/ R 340.1832(e) Elementary Class Size	Class size may consist of up to 6 students, 1 teacher and 2 paraprofessionals, which provides a ratio of 1 adult to 2 students. In addition, a minimum of 1 teacher and 1 paraprofessional are required when 3 students are present.
	R 340.1758(1)(a)/ R 340.1832(e) Middle School Class Size	Class size may consist of up to 7 students, 1 teacher and 2 or more paraprofessionals. The paraprofessional allocation is to be determined by individual student need. In addition, a minimum of 1 teacher and 1 paraprofessional are required when 3 students are present.
	R 340.1758(1)(a)/ R 340.1832(e) High School Class Size	Class size may consist of up to 8 students, 1 teacher and 2 or more paraprofessionals. The paraprofessional allocation is to be determined by individual student need. In addition, a minimum of 1 teacher and 1 paraprofessional are required when 3 students are present.
	R 340.1758(1)(a)/ R 340.1832(e) Post High School Class Size	Post High School Programs may consist of up to 9 students, 1 teacher and a minimum of 3 paraprofessionals. The paraprofessional allocation is to be determined by individual student need. In addition, a minimum of 1 teacher and 1 paraprofessional are required when 3 students are present.

Current Rule	Alternative Rule	Exceptions
R 340.1758(b) Programs for Students with Autism Spectrum Disorder	R 340.1758(b) R 340.1832(e) Programs for Students with Autism Spectrum Disorder	Assurance Statement: Programs and services for students with autism are provided under R 340.1832(d)(e) of the ISD Plan.
	R 340.1832(e) Teacher Specialist	<p>In the event a fully-qualified candidate is not available, a competent individual, possessing two of the following four requirements may be employed under the mentorship of a fully qualified Teacher Consultant until such time as all criteria have been met.</p> <ul style="list-style-type: none"> • Certification as a teacher in the program area for which employment is sought • Master's Degree • A minimum of three years teaching experience, not less than two years of which are in Special Education • Michigan Department of Education Teacher Consultant approval <p>Based on this criteria, the Teacher Specialist will perform the following duties:</p> <ol style="list-style-type: none"> a. Provide direct instruction to students on the resource teacher's caseload and may assign grades or other evaluative measures for this instruction. b. Provide support to the general education classroom teachers to whom special education students on the resource teacher's caseload have been assigned. Time shall be allocated to the resource teacher to carry out this responsibility c. Provide supplemental instruction to students on his or her caseload. d. Evaluate general education students within the same building who are suspected of having a disability and, therefore, may serve on the initial multidisciplinary evaluation team.

Current Rule	Alternative Rule	Exceptions
R 340.1832(e) Programs for Level of Need	R 340.1832(e) 1 Programs for Students with Level of Need for Level 1 Programming	<p>Based on individual student need and goals identified by the Individualized Education Program (IEP) Team, any student who exhibits independence across environments may be provided with Level 1 Programming.</p> <p>The Level 1 Teacher:</p> <ul style="list-style-type: none"> a. May consult with staff on behalf of the student b. May not issue grades or grant credit for any class or subject c. May provide direct instruction to the student for less than ½ hour per day d. May provide direct support to students with disabilities in either a general education or special education setting e. May serve as a member of the Multidisciplinary Evaluation Team (MET) and evaluate students who are suspected of having a disability f. May serve a caseload of not more than 25 students <ul style="list-style-type: none"> • May serve not more than 10 students in a general education classroom setting at any time • May serve not more than 25 students in a special education classroom setting at any time g. May follow the General Education Curriculum with either accommodations or modifications as defined in the Individualized Education Program (IEP) c. Will follow IEP identified transition goals aligned to student need(s) d. May receive either a diploma or a certification of completion

F. Paraprofessional Qualifications

Qualifications for paraprofessional personnel specifically follow R 340.1793 of the *Michigan Administrative Rules for Special Education*. In alignment with these rules, Oakland County requires paraprofessionals to possess the minimum of a high school diploma or its equivalent, and meet all applicable state and federal rule requirements. Constituent districts have the authority to establish local standards that meet or exceed these requirements.

G. Transportation

All constituent districts are required to provide transportation as determined by the students' Individualized Education Program (IEP). This may be provided locally, through cooperative agreements, or by private contracts.

H. Distribution of Funds

The Oakland Schools Board of Education has established a Special Education Fund for distribution of Public Act 18 Funds ("Act 18 Funds") based on an added-cost system. The distribution of all Act 18 Funds shall be governed by the most current *Oakland Schools Agreement on Special Education Programs and Services*.

These monies are distributed in the following order:

1. Special Education programs and services inclusive of indirect costs provided by Oakland Schools. This is inclusive of annually determined line items accessed through an application and approval process which may include:

- a. Reimbursement of expenditures to constituent districts to start a new program for Center eligible students based on an approved *“District Transition Plan/Application for Start-up Costs for Programs for Students with Complex Needs.”*
 - b. Extraordinary expense reimbursement to constituent districts for reimbursement of expenses in excess of one (1) percent of the constituent district’s Act 18 Fund allocation for circumstances beyond the constituent district’s control that result in financial hardship subject to an approved *“Extraordinary Expense Application.”*
 - c. Extraordinary expense reimbursement to a Center Program operator only in the event the Center Program is unable to eliminate the extraordinary expense through a budget revision or by utilizing funds from their seven (7) percent unanticipated cost portion of tuition subject to an approved *“Extraordinary Expense Application.”*
 - d. Reimbursement of expenditures to districts operating a Center Program based on an approved *Oakland Schools Capital Needs Application* completed in accordance with the most current *“Special Education Center Program Capital Needs Protocol.”*
2. Oakland Schools reimburses a portion of the constituent districts’ special education costs through the PA 18 distribution formula in alignment with the conditions set forth in the most current *Oakland Schools Agreement on Special Education Programs and Services*. Each constituent district allocation of Act 18 Funds shall equal the product of all Act 18 Funds available for distribution to resident districts multiplied by the pro-rata percentage of Act 18 Funds allocated to the resident district. The pro-rata percentage of Act 18 Funds allocated to the resident district shall equal the quotient of each district’s added costs for all resident districts adjusted by an equity factor divided by the sum of the equity adjusted added costs for all constituent districts. The Act 18 Funds available for constituent district distribution allocation may be adjusted if there is a change in tax revenue generated by PA 18 or, if the taxable value is adjusted for that year or any previous year.

The *Oakland Schools Agreement on Special Education Programs and Services* describes the manner and conditions under which Act 18 Funds shall be allocated, distributed, and paid by Oakland Schools to resident districts and districts operating Center Programs for Special Education and related services. The document sets forth an operational framework for interaction between Oakland Schools, districts operating Center Programs, and resident districts. The agreement is revised tri-annually and requires the signature of all constituent district Superintendents.

I. Federal Funds

To ensure compliance with regulations and assist in meeting the needs of eligible students within Oakland County, the ISD withholds 3.55% of the annual Part B flowthrough allocation. The remaining funds are distributed to districts in accordance with the Part B application.

J. Surrogate Parent

Oakland Schools will comply with the Michigan Department of Education’s *Policy for the Appointment of Surrogate Parents for Special Education Services* and related federal law and regulation.

It is the responsibility of the constituent districts to develop and implement a policy that determines when it is appropriate to appoint a surrogate and how to facilitate such appointment. In addition, constituent districts are to maintain a pool of potential surrogate parents who meet required standards pursuant to the state policy. Each constituent district must fulfill the obligation to have a representative participate in annual training. Oakland Schools provides resources to its constituent districts for meeting the requirements of annual training of a pool of surrogate parents.

K. Parent Advisory Committee (PAC): Selection of PAC Representatives

The Oakland Schools Board of Education, at its regularly scheduled meetings, will appoint PAC members to serve three-year terms. The established terms are staggered to guarantee experienced memberships to fulfill the committee goals. The Oakland Schools Executive Director of Special Populations, or designee, shall make every attempt to assure that representation of all disability areas and all organizations, of parents of students with disabilities within Oakland County, are represented on the PAC. Further, the Oakland Schools Executive Director of Special Populations, or designee, is responsible for assuring that recommendations are made to the Oakland Schools Board of Education.

Each constituent district that provides special education services for more than 100 students may have two representatives. Each constituent district that provides special education services for fewer than 100 students may have one representative. Additionally, advocacy organizations may have one representative. Annually, on or before April 15, the Oakland Schools Executive Director of Special Populations, or designee, shall notify its constituent districts if a nomination of a parent(s) of a student with a disability is needed for the PAC. It is the responsibility of the district to assure their local Board of Education nominates a qualified parent(s) by July 1. Recommendations may be sought from local agencies, parent groups and school personnel.

A PAC member must be a parent or guardian:

1. Of a student who has been determined eligible for special education services by an IEP Team, and
2. Of a student who has a current academic year IEP, and
3. Whose nomination as a PAC member has been approved by his or her, local school board, and
4. Whose nomination as a PAC member has been accepted and approved by Oakland Schools Board of Education.

L. Parent Advisory Committee (PAC): Membership and Responsibility

PAC members must be “qualified parents” according to R 340.1838. Terms are established at three-year intervals. Members are responsible for attending meetings and participating in established committees as identified in the *Parent Advisory Committee’s By-Laws*. PAC members are also responsible for being in contact with their Local Education Agency (LEA), Public School Academy (PSA), or organization/agency that he or she represents.

M. Parent Advisory Committee (PAC): Administrative Relationship

The Oakland Schools Executive Director of Special Populations, or designee, shall act in an advisory role to the PAC. At the request of the committee, the advisor shall provide assistance with:

1. Surveying the PAC for in-service needs on an annual basis, and developing subsequent programs to meet these needs with the Chairperson of the PAC
2. Defining the PAC activities that the PAC assumes as part of their role with Oakland Schools
3. Providing appropriate staff to be involved with the PAC
4. Providing for participation by representatives of other agencies as appropriate
5. Securing or allocating fiscal and staff resources to the PAC to make it efficient and effective in operation

N. Parent Advisory Committee (PAC): Role in Intermediate School District (ISD) Plan

The Plan and its modifications shall be developed in cooperation with the PAC. It shall be the responsibility of the Oakland Schools Executive Director of Special Populations, or designee, to assure that PAC members are provided with individual copies of the current Plan, and subsequent and proposed modifications.

1. Upon receipt of the Oakland Schools ISD Plan or a proposed modification, a subcommittee shall be appointed by the chairperson to review the Plan or modifications, and identify areas of either support or concern, and to propose adoption, changes and/or objections to the Plan or the modifications.
2. At subsequent meetings, the subcommittee shall present their findings to the PAC. Additionally, all input received from other sources shall be reviewed. The PAC will make written recommendations to the Oakland Schools Executive Director of Special Populations, or designee, for the Plan or modifications.
3. Questions regarding the Plan may be introduced at any scheduled PAC meeting.
4. Annually, at a regularly scheduled PAC meeting, the Oakland Schools Executive Director of Special Populations, or designee, will review the Plan, noting any proposed changes from the previous year's Plan.
5. Prior to the submission of the Plan, the PAC Chairperson shall be asked to sign the Plan endorsement page indicating that the members of the PAC have been involved in the drafting of the Plan. The Chairperson may be directed by vote of the membership to file a complaint if the PAC has not been cooperatively involved in the drafting of all sections of the Plan.

O. Process for Reviewing and Changing the ISD Plan

This Plan shall remain in effect until further modifications are made. As needed, proposed changes to the Plan will be cooperatively developed with the Parent Advisory Committee (PAC), constituent districts, Special Education Administrators of Oakland County (SEAOC), Oakland County Superintendents Association (OCSA), and Oakland Schools.

Proposed modifications are to be submitted to the Michigan Department of Education, Office of Special Education (MDE-OSE) for technical review. When complete, the proposed Plan modification is forwarded by the MDE-OSE to the Superintendent of Public Instruction for approval. Proposed alternative programs and services described under R 340.1832(e) may not be implemented until the Superintendent of Public Instruction approves the Plan. Within seven (7) days of receipt of approval, Oakland Schools will distribute the notice of approval and the final version of the Plan modification to its constituent districts, and the chairperson of the PAC.

P. Resolution Process for Disagreements in Development of Plan Language

If joint efforts among the Parent Advisory Committee (PAC), Special Education Administrators of Oakland County (SEAOC), the Oakland County Superintendents Association (OCSA), constituent districts, and Oakland Schools fail to produce an agreement on a proposed Plan change or on existing Plan language, any party may submit an objection utilizing the process set forth in R 340.1836.

Q. Appendices

- Appendix A: Oakland Schools Spectra of Special Education Services
- Appendix B: Personnel Responsible for Informing Public of Special Education Services
- Appendix C: Diagnostic and Related Services
- Appendix D: Continuum of Programs and Services

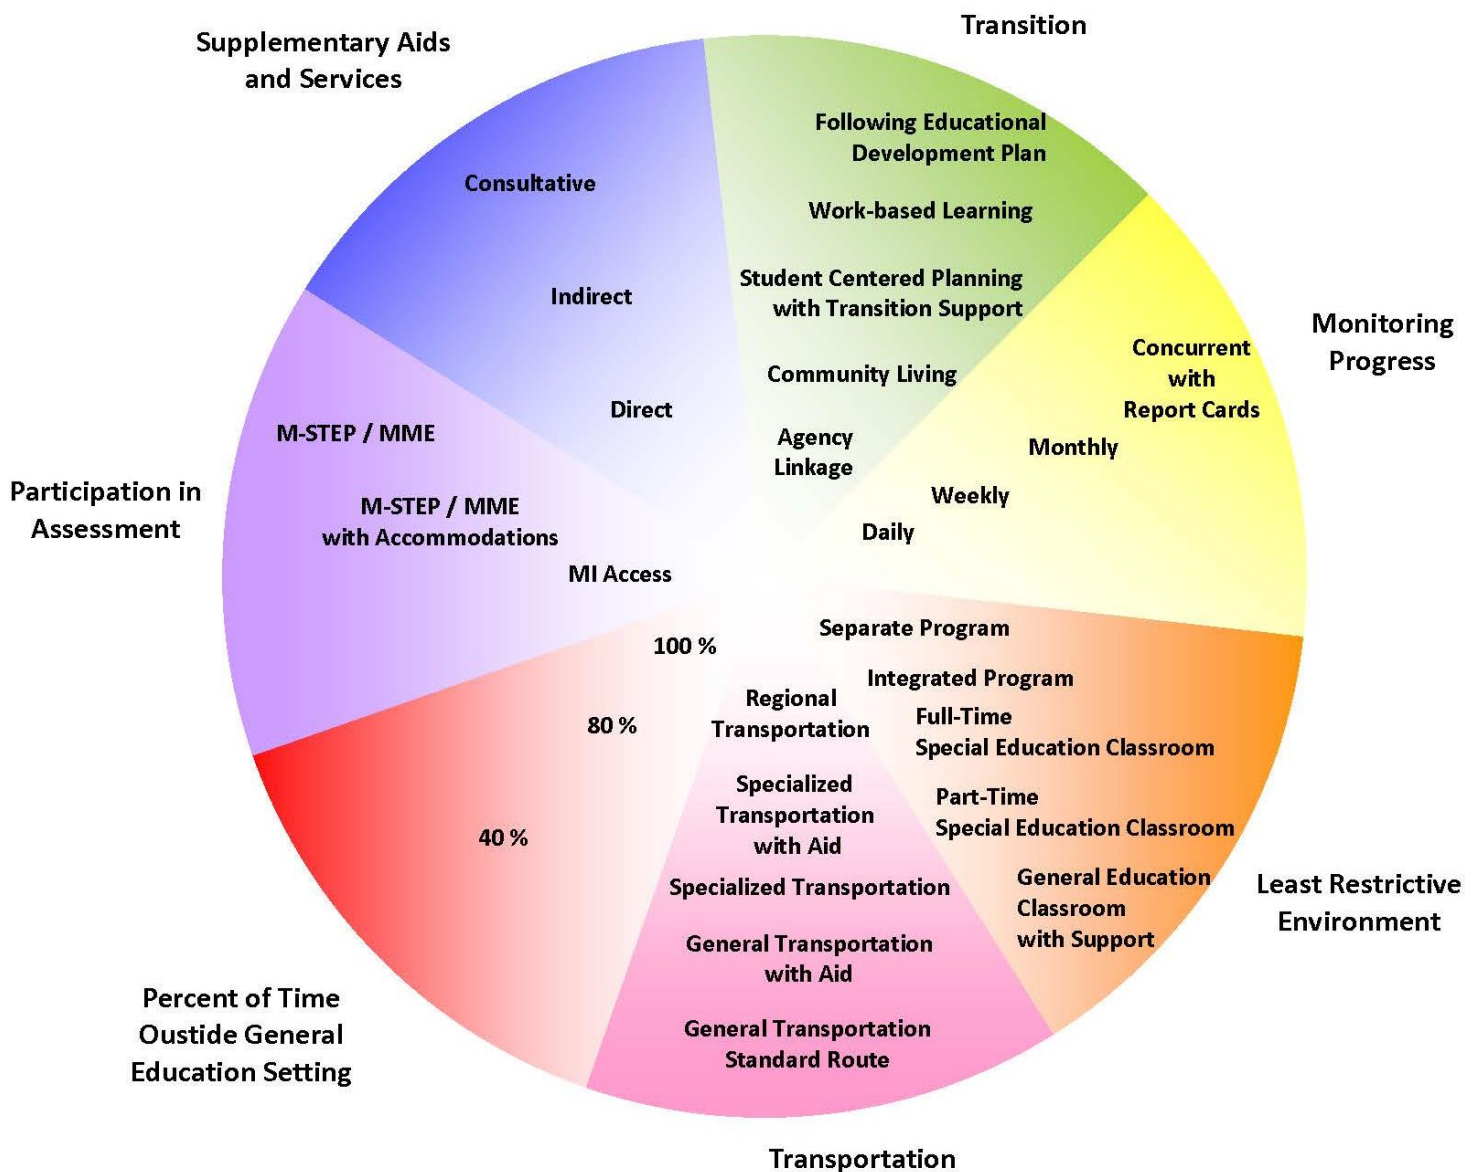

Appendix A: Oakland Schools Spectra of Special Education Services

Special Education Spectrum of Services Defined by the IEP

The Spectrum is designed to support development of services based on student need versus eligibility.

This Spectrum:

- Is read from the outside inward, with the highest level of support identified at the center of the Spectrum
- Is designed to drive consideration of access to the General Education Curriculum
- Considers each item independently
- Identifies a practice for the greatest number of students to be served in the outermost perimeters

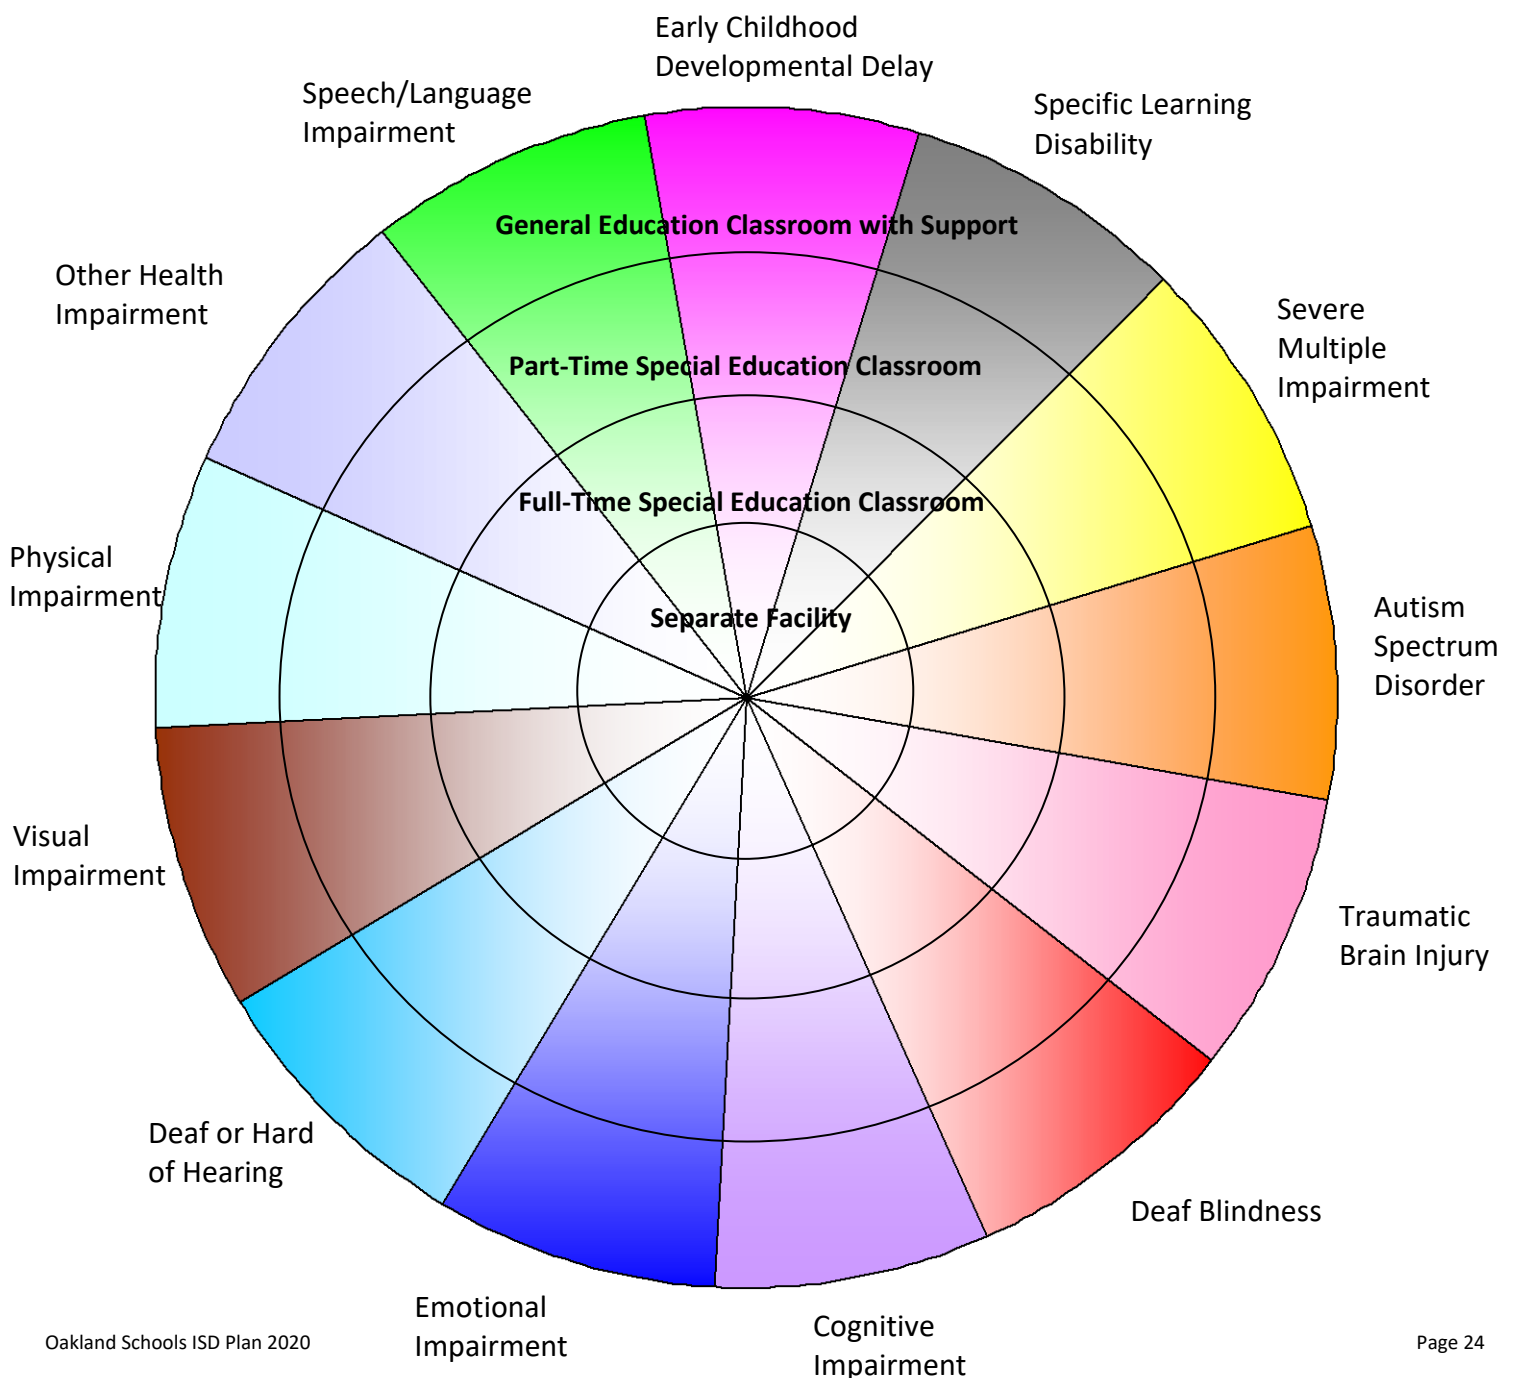

Special Education Spectrum for Programs and Services Defined by IDEA

The Spectrum is designed to support the understanding of Programs and Services based on student eligibility for special education services as identified by IDEA.

The Spectrum is:

- Read from the outside inward, with the highest level of support identified as the center of the Spectrum
- Designed to drive consideration of access to the General Education Curriculum
- Considers student need for support according to eligibility
- Identifies a practice for the greatest number of students to be served in the outermost perimeter

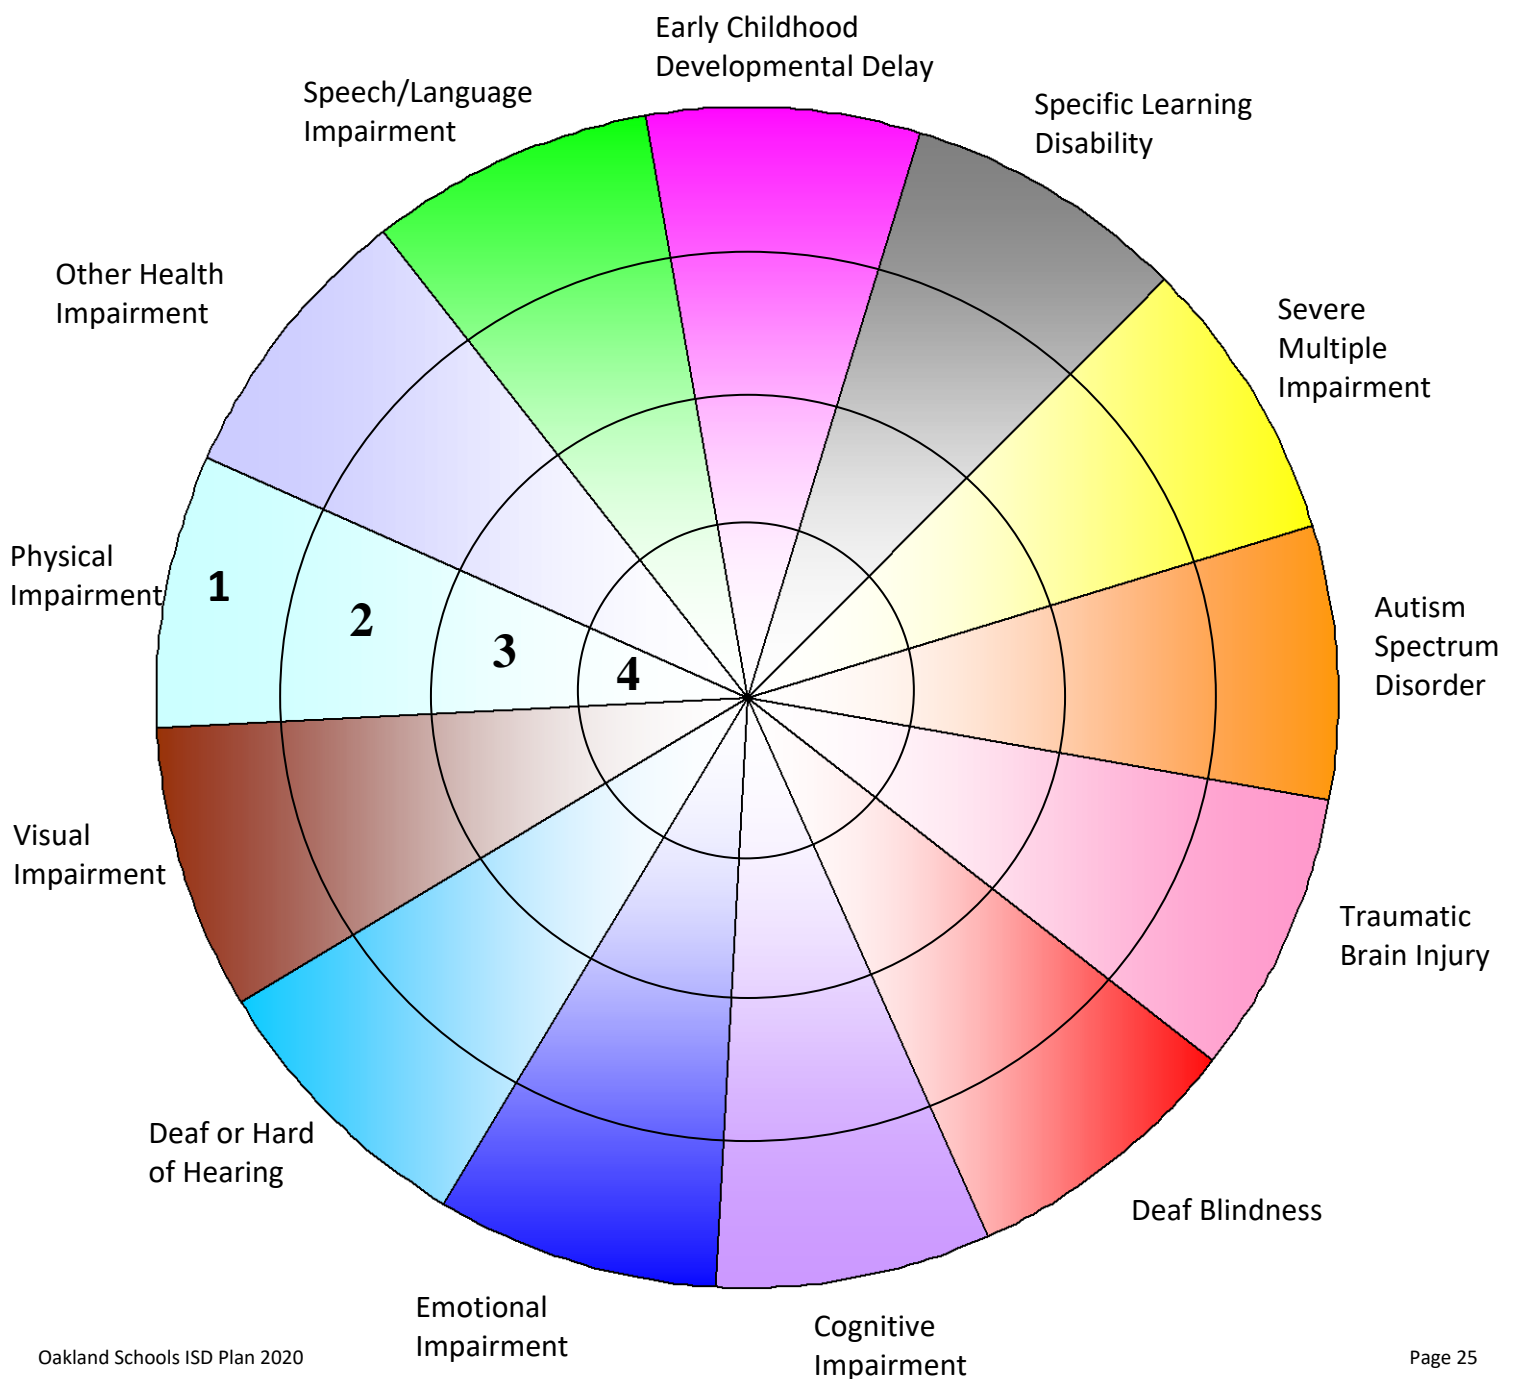

Special Education Spectrum for Service Delivery Defined Under R 340.1832(e)

The Spectrum is designed to support the application of providing Programs under R 340.1832(e), across disability areas driven by level of student need for support versus eligibility.

The Spectrum:

- Is read from the outside inward, with the highest level of support identified as the center of the Spectrum
- Is designed to drive consideration of access to the General Education Curriculum
- Considers student need for support versus eligibility
- Identifies a practice for the greatest number of students to be served in the outermost perimeter
